Lampert J550 One Touch

The Pinnacle of Welding Art

Technology That Perfectly Joins Your Chains

Lampert J550 One Touch offers the perfect solution for jewelers, joining your chains with impeccable precision using just a single welding pulse. Thanks to its precision and ease of use, you can provide a unique personal experience by applying it directly on your customers' wrists. The most reliable and impressive way to create permanent jewelry is with Lampert's innovative technology!

Perfectly join a chain
directly on your
customer's wrist.

LAMPERT.
PRECISION WELDING

J550 One Touch

Key Features

Lampert J550 One Touch is a technology that combines the precision and aesthetics required by the jewelry industry. With its elegant design and innovative features, it provides an ideal solution for all delicate chain and jewelry operations.

Single Pulse Welding Technology

Join chains seamlessly with just one welding pulse. Achieve reliable and flawless results.

On-Wrist Application

Complete the process directly on your customer's wrist with quick and safe welding. Offer your customers an unforgettable experience with this unique service.

Precision and Aesthetics

This device guarantees fine craftsmanship in jewelry, performing the welding process aesthetically, leaving no marks, and enhancing product quality.

Ease of Use and Safety

Thanks to its ergonomic design, it is extremely easy to use. It offers safe and controlled operation, ensuring the highest level of safety for both the user and the customer.
